## **Sound Workshop Day**

**15/02/2019**

Dear Parents/Guardians,

Next half term, our topic will be 'Sound Engineers'. We will be covering the sound and electricity elements of the year four Science National Curriculum.

As an introduction to this topic, an expert will be coming in to school to create some musical instruments, find out what makes them work and to find out what sound is.

Mr McClure has very kindly agreed to subsidise the cost of the visit so that the voluntary contribution will be £7.50. Please note: if we do not receive enough voluntary contributions, we will not be able to go ahead with the visit.

The expert provides as many resources as he can. However, if you can provide any of the following, we would be grateful!

- clean empty tin cans of all sizes
- metal tubes (any size)
- plastic plumbing and waste tubes
- wooden planks

The visit will be on Tuesday 26<sup>th</sup> February, at school, in school time so just send your child in as normal except for bookbags, which will not be needed.

Please log into school money to pay the contribution, once you have received the link via text and email.

If you have any questions, please contact me.

Kind regards,

Mr Venus
