**Bug Hotels**

**23/05/2019**

Dear Parents/Guardians,

On Monday 10th June, Class 4 are going to build bug hotels as part of our investigations into habitats and the environment. We are also going to write adverts, encouraging bugs to stay at the hotels. Unfortunately, school does not have all the material we need to create them. Please can we have some help collecting the things on the list below, so we can share them out in class?

We need:

- Old wooden pallets
- Strips of wood
- Planks of wood
- Straw
- Moss
- Dry leaves
- Woodchips
- Old logs
- Bark
- Pine cones
- Hollow bamboo canes
- Dead hollow stems cut from shrubs and herbaceous plants
- Whatever else you can find - preferably natural materials

In the interests of being environmentally friendly (and to keep costs down) we don't want brand new stuff – just recycled things you don't need anymore.

Thank you for your help.

Kind regards,

Mr Venus
