

Coordinates Spelling Game

Working with a partner, decide who will be noughts and who will be crosses. The first player needs to throw two dice and map the coordinate they make on the spelling coordinate grid - the first die shows how far you need to go across the x-axis and the second die shows how far you need to go up the y-axis.

Use the adverbial of time or frequency in that square within a complex sentence. If you manage to create a sensible sentence, cross off that square using your chosen symbol. The first player to get three squares in a row is the winner!

6	regularly	maybe	frequently	possibly	rarely	probably
5	occasionally	certainly	usually	probably	perhaps	possibly
4	frequently	possibly	rarely	regularly	maybe	certainly
3	usually	probably	perhaps	occasionally	certainly	maybe
2	rarely	regularly	maybe	frequently	possibly	perhaps
1	perhaps	occasionally	certainly	usually	probably	rarely
	1	2	3	4	5	6

Challenge Task

Can you use the words possibly and frequently in a sentence?

Coordinates Spelling Game Answers

Working with a partner, decide who will be noughts and who will be crosses. The first player needs to throw two dice and map the coordinate they make on the spelling coordinate grid - the first die shows how far you need to go across the x-axis and the second die shows how far you need to go up the y-axis.

Challenge Task

Can you use the words possibly and frequently in a sentence?

Accept any sentence with the two target words in it, e.g. Could you possibly tell me how frequently the train to Scunthorpe leaves?
