Learning Project - to be done throughout the week

The project this week aims to provide opportunities for your child to learn more about music. Learning may focus on famous musicians, listening to and performing music and exploring a range of music genres and instruments.

- **Sound Effects-** Many audio books use sound effects to enhance the retelling of books. Ask your child to think about a narrative that they are currently reading or have read recently. What sound effects would enhance the retelling of the story? Ask your child to source a range of props to help add sound effects and record the retelling of the story with their sound effects. Remember to tweet a video of their retelling.
- **Carnival Time-** The Rio carnival is a spectacle of samba, costumes and dance and takes place every year. [Here are](#) some of the pictures from this year's parade. Challenge your child to research the samba inspired costumes and headdresses worn during the parades. Ask them to design, label and make their own mask or headdress taking inspiration from the research completed.
- **Expression- Kandinsky** felt that he could express emotions and music through colours and shapes within his painting. Ask your child to create a piece of artwork inspired by their favourite piece of music. Encourage them to listen to the music several times and feel free to draw or paint the emotion they feel at the time.

- **Making Instruments**

A kazoo is a simple wind instrument that allows the player to create sound by humming.

You will need a cardboard tube, square of grease proof paper and an elastic band. Cover the end of the tube in paper and secure it in place using the elastic band. Hum a tune into the open end of the kazoo. What happens to the kazoo? What happens to the sound of your voice?

Learn more about sound by researching how ears work and different ears are adapted to different environments. Find out why elephants have such big ears. For more ideas take a look at the full resources [here](#).

- **Music Video Directors-** Using the song your child created for their writing task this week, direct them to think about the sort of music video that they could create to go with it. They could storyboard their ideas and think about whether they need any props or even come up with a dance routine before recording it.

- **More Musical Activities**

Visit <https://www.bbc.co.uk/teach/ten-pieces> for lots of different pieces of music to listen to and learn about.

Visit <https://www.classicsforkids.com/> for learning and games about different types of instruments and music.

- **Family Time**

Listen Together - Encourage your child to ask each family member what their favourite song is. Play the song aloud and listen together. Spend some time as a family discussing what genre of music the songs belong to and how each piece of music makes you feel. Which genres of music were the most popular? Can your child

represent their results in a bar chart? They could ask family members to rank their favourite genres of music first.

Musical Movie Time - Allow your child to choose an age-appropriate musical to watch. Andrew Lloyd Webber is now posting filmed versions of his shows on his Youtube channel [The Shows Must Go On!](#) each week! Discuss the story behind the musical and ask your child to step into the shoes of different characters and imagine how they are feeling. Which is your child's favourite song from the film/show and why? Can they create a billboard poster advertising the show? Or perhaps design a ticket?
