

**Clue 2 - Word Class**

There are four main word classes: noun, verb, adjective and adverb. For each section highlight the first letter of the word type you have been asked to identify. Once you have finished you will be have the second clue.

**Nouns**

- Moving stealthily, the expertly camouflaged chameleon inched closer towards the unsuspecting insect currently perched on a twig. Alarmed, the insect leapt forward, landing clumsily on a striped zebra.
- Emerging slowly from its egg, the newly hatched nightingale looked up in wonder at the azure blue sky.

**Adjectives**

- As Ella lay in bed she thought of how outrageous the weather was that evening. The ferocious storm relentlessly attacked the mahogany shutters on her window, while the inky sky was frequently illuminated by dazzling lightening.

**Verbs**

- The Asian elephant ambled leisurely towards the exotic jungle, stopping briefly in the stream to squirt me with water from her trunk. I poked her gently in return before opening my bottle of sun cream.
- Kneeling out of sight, I somehow escaped from the deadly tiger.

**Adverbs**

- The majestic leopard prowled silently through the African savannah before peacefully settling down to sleep. Watching it avidly through my binoculars, I noiselessly tried to show my brother where to look.
- The leopard was incredibly surprised when he suddenly woke up to find a meerkat happily sat on his paw.
