

Summer Craft Challenge:

Recycle and Re-use

Let's help reduce the amount of plastic going into landfill by repurposing some of your plastic junk. What can you make out of plastic bottles, bottle tops and yoghurt pots? Be as creative as you can and send a photo of your creation to office@springvaleprimary.org and we will share all the entries we receive on our school website and on twitter the first week back in September.

Here are a few ideas to get your brains ticking...

Get crafting and have fun.

Mrs Tomlinson 🤗
